

## Preparing The Crossways Schools Community for Life in Modern Britain

At the Crossways Schools Federation we recognise our responsibility to prepare our children and stakeholders for life in modern Britain. The Government has asked schools to help implement the PREVENT strategy 2011 updated in 2014, promoting “***the fundamental British values of democracy, the rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs.***”

Across the federation we provide opportunities for learning about these values through our broad and balanced curriculum and cycle of collective worship.

Below is a table showing some of the ways we provide opportunities for the school community to visit these concepts and how they relate to aspects of Social, Moral, Spiritual and Cultural Education as outlined by OFSTED
