

Crossways Schools' Key Maths Elements

Reception

Name _____

Number

I can count and read numbers to 20

I can use addition facts within 10 e.g. $3+4 = 7$

$4+3 = 7$

I can use subtraction facts within 10 e.g. $8-5 = 3$ $8-3 = 5$

I can identify one more and one less than any number up to 10 e.g. 1 more than 6 is 7, 1 less than 6 is 5

I can double all the numbers to 5 e.g. $2 + 2 =$, $5+5 =$

Using resources to help me with all of the above e.g. number line, rods, counters, numicon, 100 square, drawings, real life objects, bead strings

Shape, Space and Measure

I know the days of the week

I know the day that comes before and the day after e.g. if today is Friday, yesterday was Thursday and tomorrow is Saturday.

I can recognise some 2-D shapes e.g. circle, triangle, square, rectangle

(I can do this in pictures, in a set, in the classroom, outside)

My next steps:
